

## Evolution x Ecology Conference in Cornwall

**ExE is a 3-day conference aimed at evolutionary ecologists from around the world, hosted by the University of Exeter in beautiful Cornwall.**

It provides a friendly, inclusive and affordable platform for all career-stages to show-case cutting-edge research at the interface of evolution and ecology.

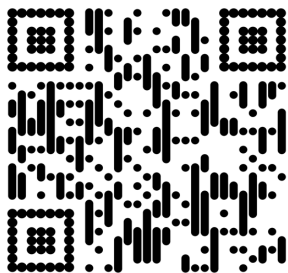

### When?

**29 June to 2 July 2026**

Optional workshops on **3 July**

### Where?

Cornwall Campus of the  
University of Exeter Penryn,  
United Kingdom

**What to expect?** Exciting plenary speakers and sessions on a range of topics, mid-conference excursion and dinner. Topics: Adaptation to environmental change, predicting trait evolution, host-pathogen ecology and evolution, and more!
